Hi, Bonnie.

We do have that information.

I am attempting to determine whether providing the name of the customer would violate any confidentiality agreements. I will get back to you in the next few weeks.

Best,

Anthony Yoo

Anthony,

Thank you for your 104e response. The RFI indicates that the Drum #3835 was sold to a "former dairy customer." Do you have the name of that company?

Thank you, Bonnie Hriczko

Mr. Yoo,

You may consider this email as documentation of your approval of your 30 day extension. Your response is now not due until March 24, 2014. Attached are the hazcat sheets and pictures of the 3 containers with Chemtreat labels. Please note that it is believed that the containers are empty.

If you have any additional questions feel free to contact me.

Thank You,

Hi, Ms. Hriczko,

I am following up on my telephone conversation with you earlier today regarding the Request for Information dated January 9, 2014, from your office to ChemTreat. As I explained, due to some medical issues in our office and the travel schedule of Mr. Hire (to whom the envelope containing the request was addressed), we did not realize that we had received the request until yesterday.

As I explained, my preliminary inquiries have not uncovered any interaction between ChemTreat and Superior Barrel and Drum Company, Inc. ("SBD"). During our call, you explained that the only information you had regarding ChemTreat's contact with SBD was three containers bearing ChemTreat labels.

We agreed that ChemTreat would have an extension of time to respond until March 24, 2014, and that meanwhile, you would send me pictures of the containers so that we could see if the pictures might provide any information facilitating our efforts to find out more about any potential interaction with SBD.

Would you please response to this email to confirm that my understanding is correct?

Thank you very much.

Sincerely,

Anthony S. Yoo
VP and General Counsel
